

- **What have I worked on?**

Hsin-Hung, Israel : work on analyzing the data sources and gather the coordinates into csv files

Hanyu: preparing for a script that will automatically read the csv files and turn them into images

- **What will I be working on next?**

Finishing up the image gathering script.

- **Have I run into any issues? Do I need help?**

A lot of data sources are not valid and doesn't work, so we are trying to get some data from Mario.

- **Have I talked to the client recently? When are we meeting with them next?**

Yes, we meeting them next Friday.
